-Graduate Research Fellowship NSF (2012-14)
-Center for Ethics Lab Fellowship Harvard University (2011-12)
-Stimson Research Grant Harvard University (2011-12)
-Culture, Brain, & Development Research Grant Hampshire College (2005-6)

Publications:

Chakroff, A., Dungan, J., Koster-Hale, J., Brown, A., Saxe, R., Young, L. (*In Press*).
When minds matter for morality: Intent information is neurally encoded
for harmful but not impure acts. *SCAN*

Chakroff, A., Young, L. (2015). How the Mind Matters for Morality. *American
Journal of Bioethics: Neuroscience*, 6(3), 41-46.

Chakroff, A., Young, L. (2015). Harmful situations, impure people: an
attribution asymmetry across moral domains. *Cognition*, 136, 30-37.

Chakroff, A., Thomas, K.A., Haque, O.S., Young, L. (2014). An indecent
proposal: the dual functions of indirect speech. *Cognitive
Science*. doi: 10.1111/cogs.12145

Chakroff, A., Young, L. (2014). The prosocial brain: perceiving others in
need, and acting on it. In L. Padilla-Walker, G. Carlo (eds.), *The
Complexities of Raising Prosocial Children: An Examination of
the Multidimensionality of Prosocial Behaviors*. Oxford U. Press.

Chakroff, A., Dungan, J., Young, L. (2013). Harming oneself and Defiling
another: what defines a moral domain? *PLOS ONE* 8(9).

Young, L., Chakroff, A., Tom, J. (2012). Doing good leads to more good:
The reinforcing power of a moral self-concept. *Review of Philosophy
and Psychology*, 3(3), 325-334.

In Prep:

Chakroff., A., Young., L. (In prep). Who was harmed, and why? The role of mental
states in evaluations of multiple kinds of moral violations.

Chakroff, A., Russell, S., Piazza, J., Young, L., (*In Prep*). Predicting the
behaviors of harmful and impure agents.

Chakroff, A., Greene, J. (*In prep*). Mapping morality from the ground up.

Dungan, J., Chakroff, A., Young, L. (*In prep*). Contextual Influences on the
Relevance of Moral Norms: Harm and Purity concerns for self versus
other.
